

(Continued from page 1)

be down on power, not quite sure why, but she did finish all the races and placed 5th in the main race. We brought the car home and did some minor changes in hopes of finding some more speed for her.

June 6th was our first Qtr Midget race on the Kenai. We were at the North Peninsula Recreation Center (Nikiski Pool) in the Hockey Rink parking lot. It felt really good to be racing at our "home" pavement track. The evening was a sunny and all the kids were ready to race, including Annita, even if she did just get finished racing 3 days before. She took 2-2nd places, a 3rd and a 1st in the heat races and 3rd in the main race. Steven Young's new car was just too fast, but we'll be working on fixing that.

The June 10th race turned out to be a busy day for Annita. She was jumping from the Bandolero to the Qtr Midget. During the practice session the 1/4 midget drivers were supposedly "practicing" when Annita was spun and hit the wall. She was ok, had a headache for a day or so.. and the car had some damage. Everyone pulled together and got the car back out for the races. That's the nice thing about racing, the helping hand when you need it. We started the races with the 1/4 midget, Annita then jumped into the Bando, the Mini-Stock Cars ran a heat race and then she was back in the 1/4 midget, the Legends ran a heat race, then main race for the Bando. She had a nice break (about an hour) and then had her main race for the 1/4 Midgets. She finished 3rd in the Bando and 2nd for the 1/4 midgets. She just couldn't catch Steven Young in that new 1/4 midget, though Keith Porter and her did exchange places several times during the races.

If you get a chance, come on out to the races, we'd love to see you.

GoGirlRacing Schedule for the 2006 season.

Quarter Midget

Sept 3rd - Tanacross

And Hopefully
Sept 23rd - Evergreen Speedway Washington

Remember this is racing so all dates and times are tentative due to weather

We're always looking for more sponsors, there's still room on the car and trailer. If you know of someone who'd like a bit more advertising let us know and Annita can get sponsorship information out to them.

It just doesn't look right
